

Polluter *Pay* Federation

The Movement

*The **Polluter Pay** Federation is a proposed, inclusive, property rights and municipal tax protection lobby*

Its purpose is to advocate for and ensure a return to the rule of law as to all energy-related matters, focused on Alberta

For truly responsible Alberta energy development to belatedly occur, irresponsible factions of industry and government must be converted or weeded out, and must pay the damaged

Keys to Success

For the movement to be successful, the core corruption problem needs to be addressed head on.

*Reform of the **Alberta Energy Regulator** is desperately required, as is education about how surface rights are acquired and must be maintained.*

More public knowledge about when energy's rights are extinguished, is also required.

As the sun sets on Alberta's conventional oil industry, it is time to create a *new economy and prosperity*

This can be accomplished by ensuring property owners, municipalities, and taxpayers *are not stuck with the bill* racked up by industry, to clean up the mess

Polluter *Pay* Federation
Free Landowner Membership
Taxpayer Savior

Help make those who use the lands of others *pay* for the consequences of their actions as required by law

We have undertaken to attempt to outline the main proposals we have conceived to others for their input or acceptance: *Polluter Pay Temporary Steering Committee:*

Mark Dorin. Regan Boychuk. Dwight Popowich. Tom Prilesky. Jim Bulmer. Vern Bretin.
